

Rainbow School parents say:

"Rainbow School's greatest and most important strength is the fostering of spiritual growth for the children. Most children do not receive enough of this in their daily lives. It is most important to their overall well-being and I am very grateful my daughter attends this school."

"Rainbow preschool is exceptional! We love the comprehensive Christ centered curriculum and how it has added value to our children's education. The supportive director and teachers truly provide a positive experience and important foundation for early learning."

"The teachers are awesome! Everyone has a genuine concern for the growth and development of the children. RS teachers take time to talk and connect with parents. RS teachers are creative and innovative, always striving to provide a fun and dynamic experience for the kids. With the planning and care made to select and prepare art projects, the rotation of toys, games, and dramatic play areas, the music program, and chapel time, books and conversations at circle time, everything comes together for the benefit of the children. The children I see at RS are excited about learning and are happy to be with their teachers at RS."
